

# In Loving Memory of Dazzle, the Best Dog I Have Ever had the Opportunity to Shared My Live With

Dazzle had more heart and soul than any other dog I have ever known. He would entertain us for hours playing with his toys, upside down juggling it with his feet.

He had strength and power. He always gave me 110%. Sometimes that was more than what I wanted. He was everyone's immediate friend. Everyone loved Dazzle. He had a tremendous sense of humor. He would look at you with that twinkle in his eye and you would know he was up to something. Dazzle did fly by's. You could hear him come running at you, from behind. At the last minute he would leap in the air and come sailing by you eye level. A little scary but as long as you didn't change directions, you were fine. He was more than smart. He was intelligent. He knew things before I could teach it to him.

I gave him peace and set his spirit free to entertain everyone on the other side of the Rainbow Bridge. Dazzle passed away from liver failure. Leap high, swim far, and retrieve those stick. I know I will see you again. Be in good health and peace, my best friend.
